

Welcome to your Second Term.

Despite all the problems we faced, we are now officially beginning the second term. This has been a period of adaptation for everyone, me included.

First of all, I want to thank you for your patience and your commitment with the class.

Secondly, we are now going to have activities at the IT laboratory as a very important opportunity for you to practise English in varied ways.

Thirdly, I strongly suggest that whether you have any questions, please, tell me so I can help you with any difficult topics.

I am sure this will be a better term for all of us.

Kind Regards,

Mtra. Cynthia Méndez Gutiérrez
